HVPR to Host AACA National Meet!

The HVPR will be hosting the AACA Special Eastern Division National Meet August 22-24, 2024 at the Hampton Roads Convention Center. This will be an indoor show, with plenty of room for the participants regardless of weather. We will have committee meetings periodically, with information coming from the web site, this newsletter, and emails. Please let us know what you are willing to help with. This is a big undertaking, but the show promises to be great. A meeting is planned for March at the host hotel: Embassy Suites in Hampton.

Williamsburg Tour March 2nd

HVPR members please join us for a unique and fun event. Our next group activity will be held on Saturday, 2 March 2024 at Axe Republic (AR) (www.axerepublic.com), located at [4919 Courthouse Street](#) in Williamsburg. In addition to axe throwing, AR offers food, snacks, and both alcoholic and non-alcoholic beverages. There are other eateries in the area as well. AR has 12 throwing lanes that will accommodate 6 throwers per lane, and the axe throwing session lasts for 75 minutes. Cost is \$30 per person (food and beverages are extra). In order to accommodate all interested HVPR members, please e-mail your RSVP to Pete Romeo at pnproméo@cox.net no later than 15 February 2024. Weather permitting, you are encouraged to bring your classic vehicle.

ODMA Show Set in Roanoke - May 17/18

The Old Dominion Meet Association (ODMA) 2024 Annual Meet will be in **Roanoke Friday, May 17 & Saturday, May 18, 2024**. The Museum of Transportation will be open for attendees Friday, and there will be a special welcoming live music and food event there that evening including a display of our cars. The show will be on Saturday at the host hotel: Holiday Inn - Roanoke Airport. The flyer with details including a group rate at the hotel is currently being produced and we will forward it as soon as possible. Thanks to the Roanoke Valley Region for stepping up to host!

1917 Model ED Series 18 6-cyl Studebaker Willoughby coupe project - Best reasonable offer - would like to get this into the hands of a younger local member interested in a very cool project. Rolling chassis with overhauled transaxle is finished and painted. Beautiful respoked wheels. Also have a set of 25" Buffalo wire wheels for it. All nickel plating done. Restorable aluminum Willoughby coupe and touring bodies, all sheet-metal for both. All body wood for patterns. No significant missing parts, duplicates of most items, several repro parts made. Comes with everything for '16-'17 Studebaker accumulated over 50 years - 2 engines, transaxles, starters, generators, distributors, wheels, tools, etc - likely the largest hoard of '16-'17 Stude on earth. Lots of

Literature. Only Series 18 6-cyl Willoughby coupe remaining. Local pickup, flexible timing. Needs a younger better home. Bring a BIG truck and trailer, or take over my storage unit. Andy Ott, text 757 748-6153, andrewott@aol.com

1929 Chevrolet 2-Door Sedan - 6-cylinder, new carb and fuel pump. Older restoration in good condition. Located in Waverly VA. Contact Chuck Elder at 804-691-8039.

1930 Frankin Victoria Brougham - Asking price \$22K. - Close coupled sedan with side mounted spare tires and a rear trunk. Air-cooled engine. Listed in the 2020 Franklin Register as PR (partly restored). Most of the restoration work done to the car was to keep it in running condition. The rear seat is in original condition. The front seats are covered. Neil purchased the car in 1970 and we drove it many thousands of miles before the highways got too crowded and dangerous. It was then taken to the Franklin Trek in a car trailer and enjoyed on the back roads of New York for many road runs. Marty Sugermeyer (757) 761-1244 or email tcsugemdragonfly@yahoo.com. Send me a text and I can send you pictures.

1931 Willys Knight- Asking price \$22K - Purchased from George Sugermeyer's estate in 1981. He had worked for a Willys Knight dealership as a young man, so he bought the car back in the 1960s. It was a chauffeur driven, low milage car that he drove only a few times. It was kept in a dry basement garage. It has spare tires in the front fenders and a rear trunk. The car has been shown at several AACA National shows earning the highest level in HP0F. The only modifications on the car are to powder coat the wheels and repaint the left front fender. We thought that the paint had been rubbed thin by the wool uniform of the chauffeur while waiting for his boss. There was a slight rain at one of the meets and rust was showing, so Neil repainted it. It has a sleeve valve engine. Marty Sugermeyer (757) 761-1244 or email tcsugemdragonfly@yahoo.com. Send me a text and I can send you pictures.
